Vacuum Unit

ARV-041M

AR-041M

### NEW "41" SERIES SUPER LIGHTWEIGHT MAGNESIUM ALLOY AIR RIVETER AR-041M - STANDARD MODEL - ARV-041M -WITH INTEGRATED VACUUM SYSTEM AND SPENT MANDREL COLLECTION

- For setting rivets 2.4mm - 4.8mm in all materials including stainless steel
- Soft-Set® shockless technology offers ergonomically correct action to minimise risk of RSI.
- Ultra Jaws for longer life
- Right or left air connector can be used
- Silencer for low noise level

AR-O21M-RJ

AR-O21H-RJ

AR-O21EX

AR-O21EXH

### ARO21 Series

- Soft-Set® shockless technology offers ergonomically correct action to minimise risk of RSI.
- Ultra Jaws for longer life
- Noise reducing muffler
- Heavy duty diecast construction

### ARO21M, SJ & RJ Models

- For setting standard rivets 2.4mm - 4.8mm in all materials

### ARO21H-RJ

- For setting standard rivets 2.4mm - 6.4mm in all materials

### ARO21EX

- For MONOBOLT® T-Rivet and standard blind rivets 4.8-6.4mm in all materials

### ARO21EXH

- For Huck MAGNA-LOK® fasteners and other structural blind rivets 6.4mm only.

**AR-O11-S**  
To set rivets from 2.4mm to 3.2mm

**AR-O11-M**  
To set rivets from 2.4mm to 4.8mm

**AR-O11-P**  
To set rivets from 2.4mm to 4.8mm

### ARO11 Series

- Most versatile blind rivet tool
- Sizes and styles to satisfy any production need
- Excellent value - dependable and cost effective
- Durable, lightweight and portable

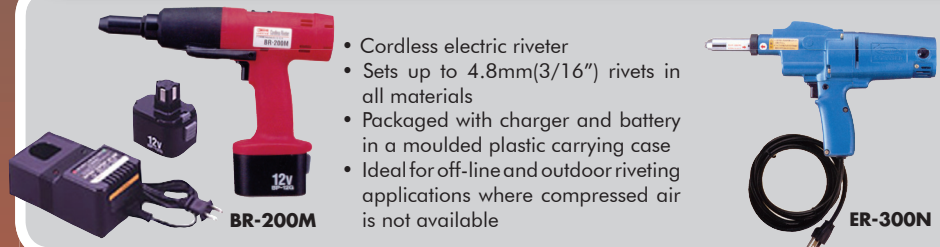

**AR2000 Series** The 2000 Series riveters are built with a high impact polymer case to deliver value and performance in a lightweight, powerful package.

Vacuum Unit

### S-M-H Models

Available in both standard and vacuum units

- Cordless electric riveter
- Sets up to 4.8mm (3/16") rivets in all materials
- Packaged with charger and battery in a moulded plastic carrying case
- Ideal for off-line and outdoor riveting applications where compressed air is not available

BR-200M

ER-300N

- Electric riveter
- Sets up to 4.8mm (3/16") diameter in all materials
- Locked trigger option for continuous use
- Ideal for use in repair stations and body shops, modular office systems assembly, heating ventilation and air conditioning and other on-site construction applications
- Packaged in a moulded plastic carrying case

# Hand Rivet Tools

### HR-200 Floating Jawcase Mechanism

- For professional and home use
- Sets rivets up to 4.0mm (5/32")

### HR-002D Floating Jawcase Mechanism

- Overcomes drawbacks of conventional hand riveters by holding the rivet firmly regardless of tool position
- Sets rivets up to 4.8mm (3/16")

### HR-003B Heavy Duty Hand Riveter

- Longer handles and gear mechanism exert greater rivet break power
- Maintenance free construction
- Sets 4.8mm (3/16") & 6.4mm (1/4"). Rivets in all materials, including stainless steel.

### HR-005A Flexible Hand Riveters

- Versatile design for 360° multidirectional riveting
- 2.4mm to 4.8mm (3/16")
- (4.8mm in Aluminium only)

# Nut Rivet Tools

### AN-200A

- Lightweight spin-pull rivet nut setter, suitable for production line applications
- For setting standard nut rivets M3-M10 (1/4", 5/16", 3/8") in all materials.
- For setting any flanged head nut rivets M3-M6 in all materials and M8 (5/16") aluminium only.

### HN-010

Heavy Duty Hand Nutters

- Rugged construction
- Simple stroke adjustment (adjuster ring with memory stroke scale)
- Quick-drill mechanism threads and unthreads nut rivets by utilising round knob grip.
- 3 nose assemblies, sizes M6, M8 and M10. M5 available on request.

### HND-005

Light Duty Hand Nutters

- Aluminium diecast frame & hardened chrome vanadium steel handle
- 4 nose pieces, sizes M3, M4, M5 & M6.
- Also available in kit form (as illustrated).

### HND-105

Light Duty Hand Nutter Kits
