RE: Bremick List Price Increase effective 1 January, 2011

Dear Customer

Since 2008 there has only been one small price increase, which has not even covered CPI increases.

Bremick will be implementing List Price increases of 4% on the complete Bremick product range effective 1 January 2011. It may be necessary to increase some products by more than 4% depending on global steel prices and other inputs.

New List Prices for the following products will be available on our website in October 2010:

- **Industrial Products:**
 - Mild Steel
 - High Tensile
 - Structural
 - Threaded Rod
 - Nuts and Washers

- **Stainless Steel:**
 - Stainless 304
 - Stainless 316

- **Socket Screws:**
 - Alloy Steel
 - Stainless Steel 304
 - Stainless Steel 316

- **Self Drilling Screws**
- **Masonry Anchors**
- **Rivets**

We appreciate and value your support.

Yours sincerely

George Technitis
