RE Price Increase Notification

Dear Valued Customer,

As you would be aware Buildex has not had a price increase since January 2009. Over that period of time, ongoing cost pressures associated with movements in C.P.I., wages and salaries, manufacturing input cost increases such as electricity, gas and raw materials and along with lease and freight increases have necessitated the need to review our position.

Accordingly and effective October 1st 2010 prices for all Buildex® and Boustead® products will increase by 3%.

Service charges will be as follows:

This section CONFIDENTIAL

The prime focus of Buildex is to continue to develop superior corrosion resistance coatings and deliver innovative new products to the market which provides better solutions to the end user contractors. We aim to ensure that we maintain Buildex as the premium offering in the market after more than 90 years of manufacturing in Australia.

Some recent new product initiatives include:

- The launch of our Climaseal 4 Hex RippleZips® for Mini Corrugated sheeting.
- The launch of a complete range of Long fasteners for Insulated Roofing Systems.
- The launch of our Climaseal 4 Designer Head screw for wall cladding to provide enhanced aesthetics.
- An extension to our range of Steel House Framing screws.
- Converting our AutoTeks® Metal Roof Fastening system from single screw feed to multiple screw feed

I would like to take this opportunity to thank you for your continued support and look forward to our mutual growth through providing innovative products, outstanding quality and uncompromising service.

Yours faithfully,

Charles Krivaci
National Sales and Marketing Manager
