Simple, Useful Hand Nut Rivet Setter kit !

Only using Offset wrenches 17mm and Hex wrenches enables fastening for LOBSTER blind nut rivets.

Prepare for the following

- Offset Wrenches (17mm)
- Hex Wrenches (3/4/5mm)

HNC04R	4M	NSD4MR (10pcs)
HNC05R	5M	NSD5MR (8pcs)
HNC06R	6M	NSD6MR (6pcs)

- Be sure to read the following Important Safety Instructions carefully and make sure that you understand them thoroughly before using this tool.
- Always cool down the tool at continuous use every 10 operations.
- Check that the riveting operation can be completed or not if using drill diver 14.4V less in specification.
- Do not use Impact driver or Pneumatic driver. This may cause improper operation and rivet nuts will be damaged.
