

31 March 2021

The logo for InteX, featuring the word "InteX" in white, bold, sans-serif font on a red rectangular background.

The past 12 months of economic turbulence have led to a very volatile environment. In particular, the global steel market has continued to experience a further escalation in the cost of bulk steel coil and associated raw material.

These increases are being driven by a surge in demand due to the needed revival and growth in infrastructure globally. This subsequently is resulting in significant supply constraints. Due to the scarcity of raw material, this has led to substantial cost increases in our sector.

These cost increases have already impacted Intex, and we are unable to continue to absorb the extent of such an impact. We are providing extended notice of a necessary retail price increase of 7% effective 1st June 2021 on all Wall and Ceiling Metal products. This increase does not impact any of the other ranges of Intex products.

Your revised price list will become available upon request from our customer care team at sales@intex.com.au or feel free to contact us on 1300 107 108.

We take this opportunity to thank you for your valued support and custom throughout this difficult period along with your understanding of this increase.

Our commitment to exceeding your ongoing expectations continues in view of achieving mutual growth and prosperity now and into the future.

Kind Regards,

A handwritten signature in black ink, appearing to read "S. Bateman".
