

Attention Purchasing Dept/Sales Manager

Stylus Full Range General Price List

Update notification effective 1st July 2021

Dear Valued Customer,

Stylus Tapes will implement an 8% price increase on the majority of adhesive tapes and ancillary products, effective 1st July 2021.

The current highly volatile and unpredictable global situation due to COVID is resulting in wide spread rising transportation charges and supplier increases due to raw material shortages.

While Stylus Tapes works diligently to control costs, we are no longer able to absorb these ongoing impacts associated with supplying stock to the market.

Orders placed on or before 12pm Monday 28th June will be invoiced at current price levels. All orders placed after this time will be processed at the completion of stocktake 1st July with new prices applied.

Your sales representative will be in contact with you in due course and will give you an updated "Full Range General Price List" effective from the 1st July 2021. If you have any questions regarding this notification please contact your sales representative or local state sales office.

Any other price lists may be updated separately and are independent of the Full Range General Price List.

On behalf of everyone at Stylus Tapes, we thank you for your continued support as we value your business and we look forward to our continued partnership. Wishing you & your employee's good health & safety during these unprecedented times.
